DOC. MICRO. SER.

1. This dispatch is to inform Headquarters of the main developments and problems concerning WIRGUE to date, and to set forth in detail Station thoughts and plans concerning WIRGUE.

2. WIRGUE, in his contacts with Robert B. Guthman, and in the last two weeks with Lester E. Salvach, has always presented a multitude of ideas which include a strong element of violence, rather or just plain larceny. In spite of being given a fist, he has persisted in desiring a gun. When it was mentioned that these were hard to find, and that a pistol or rifle was in addition a dangerous thing for the Congolese to find on a white man, he said that that was all right, a machine gun would do. He even suggested the formation of a special force of whites, with himself as the leader, naturally, to "fight the Congolese in case of trouble." We concur with the description of WIRGUE in para 5, Ref. B, except for the means to obtain the best results from him. When left to his own devices to implement an assignment, WIRGUE can all too often create more problems than he solves. His security consciousness is not outstanding from an operational point of view. Control is seemingly best when WIRGUE can talk over his problems at frequent intervals and discuss them with the case officer. The station has found it desirable to meet him with greater frequency than heretofore and to provide understanding (rather than sympathy), interest, encouragement but not of all guidance, and apply a steady checkrein to what are mostly rather wild ideas. Attachment A is a clear example of the type of activity WIRGUE tends to undertake if left on his own and the security risk he represents in such situations.

3. In addition, WIRGUE's attitude and responsibility towards money leaves much to be desired. Headquarters' comment in Ref. A concerning WIRGUE's "propensity for financial mismanagement" is fully realized by this station. To recap WIRGUE's financial misadventures briefly, he spent his money lavishly upon arrival, rented an extra apartment he didn't need, besides several stores for which he was not yet prepared to use, has bought and sold at least three cars and is currently driving a large Chrysler (in spite of being told at the time that it was far too conspicuous). When having depleted the original \$4000 loaned to him, he requested his \$300 housing allowance in one lump sum. He now faces the fact that he will receive the housing allowance in "little dribbles" (his words) but still feels that he was told he would get it in a lump sum payment. He has little to show from his initial loan for setting up a business, and even if provided with all necessary equipment he could probably not follow through without additional financial backing. The Station feels that no matter how much money he is provided, WIRGUE would manage to get into financial difficulties or at least spend all that he had available.

4. On 4 March 1961, WIRGUE telephoned and wished someone to meet him immediately. He explained, at the meeting, that at approximately evening before he had met:

(WIERCUBE typically referred to PIERRET as "the major" and said that he didn't remember his name. Later, WIERCUBE, in spite of being briefed otherwise, continued to fail to obtain names of people with whom he dealt.) WIERCUBE was to meet PIERRET the evening of 8 March at 1700 to discuss the possibility and details of his becoming administrative liaison officer under contract to the Congolese Air Force. PIERRET is interested in developing his own cadre of instructors, both for flying and mechanical work, to develop further the embryo group of 150 cadets currently more or less ready for flying training.

5. At meetings held 5 and 6 March WIROGUE supplied the following details concerning his new job: he was to meet the Minister of National Defense ad interim, Fernand KASADI, on 7 March to sign a contract. He finally did meet KASADI (whom WIROGUE knows only as M. le Ministre) on 9 March but no contract was yet signed. As of 15 March WIROGUE had not yet signed a contract but this is pending, he tells us, any day. (A copy of this contract will be forwarded to Headquarters when obtained.) The terms of the agreement include, he states, that he will provide through his European contacts at least three pilot instructors and three mechanic instructors within thirty days. (Thirty days from when is an open question.) More instructors will be needed at a later date, the possible total number being set at ten, five for flying and five for mechanical instruction. These instructors will be paid 20,000 Belgian Congo Francs a month plus 10,000 BCF bonus. WIROGUE will receive 25,000 BCF and 10,000 BCF bonus each month, with housing to be supplied in all cases. If the instructors have families, family transport in addition to their own will be provided by the Congolese government. In addition, medical care and a fifteen day vacation each year is to be provided. The work week is to consist of a 5 1/2 day week.

5. WIRGUE has said that he is totally dependent upon KUSARI support to supply the needed instructors. He also feels he must provide documentation to prove he is an ex-captain in the German Army and is quite anxious concerning this point. (Answered by para. 3, Ref A). WIRGUE also feels that the instructors should be other than PEPRIE in order to better back up his cover story. Since PEPRIE instructors might point the finger of suspicion in his direction. One or two PEPRIE candidates, however could be included providing a proper cover story were provided. WIRGUE needs names of candidates as quickly as possible, though a dummy list of names "to whom he has written" can be supplied if either PIERROT or KANADI become too insistent. All candidates must be French speaking. In addition, WIRGUE needs a good 35 mm. camera and feels that this was promised to him, with other equipment, and though his targeting has shifted he still has great use for it. Currently WIRGUE has one of the station Leica's on short loan in order to photograph the K'Dolo Airport facilities for PIERROT.

7. Recruited instructors should be provided a means of outside contact with the Station separate from WIRGUE, which could be implemented if needed, at a later date. The actual hiring and correspondence relating to their contracts should be sent over to WIRGUE as though he were handling the entire matter himself on behalf of the Congolese government. The address which should be used for all correspondence on an overt basis is included with this dispatch as Attachment B, with the title of Major preceding the name provided in Attachment A of ACLW-192.

8. With a set salary from the Congolese Government, it is WIRGUE's wish to commence repayment of the \$4,000 loan made to him for his business. Also, this particular situation could be fairly short-lived in view of United Nations offer to the Air Force to assist in Congolese Air Force training. It is obvious that PIERROT and the Congolese Government are trying to develop several sources at once to guarantee training for their embryo Air arm, and the final outcome is difficult to determine. The Station is also aware that PIERROT and KALADI could be using WIRGUE at this juncture to obtain instructors for the air force, but might ease him out

of their own accord later on, either deeming him not worth keeping because he is not a professional airman, or because he will have done something to antagonize them. Also, the Station or Headquarters may deem it advisable to ease him out of this job, as Headquarters has suggested in Ref A, after he has provided an entree for putting some instructors on the scene. We believe this situation represents a worthwhile gain, however, if WIROGUE does obtain the contract as presently constituted.

9. Attachment C provides some information concerning Paul Arnold PIERROT and the Congolese Air Force which was provided by the Air Attache, Leopoldville, and which has already been reported through their channels. PIERROT is obviously trying to develop a training program and build up the Congolese Air Force from several sources at once, and if several of these sources provide the desired aid it is debatable if his own program (with WIROGUE) would become very extensive or even be implemented. It is also possible that WIROGUE's role in the training picture could shift at any time. We feel that at this time we can only go along with developments as they occur and try to realize the maximum benefit from the situation. Headquarters will be kept informed of any changes in the situation, and be provided more specific data when available.

10. In all fairness to WIROGUE, it should be pointed out that until recently the station has not had the time to properly target WIROGUE. As he appears to be untrained in KUFUEY and KUCAGE operations, he requires a great deal of case officer time, an item which is in short supply in this station. We believe WIROGUE may develop into a worthwhile asset, if the time and attention he requires can be spent on him, however. The station is taking the appropriate steps in this direction.

SUBJECT: Paul Arnold PIERROT - Background Information provided by
Air Attache, Leopoldville

1 N'DOLO airport is currently being evacuated by the U.N.O.C. forces and turned over to the Congolese government for use by the Congolese Air Force. There are some 150 cadets who have received some training and are considered ready for advanced training, but as of this time, have nowhere to be trained. PIERROT has made extensive efforts to obtain aid from many sources to train these cadets. The AIRA reports that PIERROT has requested aid from the Belgians, the British, United Nations, and asked the AIRA to request aid from the French for the Congolese Air Force. About 30 cadets are in training in Tunisia at the present time. On 11 March the AIRA recommended aid be extended to the Congolese Air Force, but under the auspices of the United Nations.

2 PIERROT also reported 11 March that he had 6 Moth and 9 Harvard T-6 aircraft being delivered near the end of March, and asked if the United Nations Command would allow them to enter the Congo. He even offered to let the planes remain under U.N. control.

3 PIERROT is a mulatto and claims to have a white grandmother in Dallas, Texas. He was trained by the Belgians and claims to have flown C-47's and T-33 jet planes, though he has not been on flying status since 1956 due to goiter trouble. At this time accurate bio data is not available. His assistant is Lt M.J. LEMAN who is reportedly completely devoted to PIERROT. PIERROT is personally ambitious and at one point in the fall of 1960, he approached FRELIMO authorities with a plan to take over the government if they would help him. His plan was too transparent and weak for any serious consideration at that time.

MEMO FOR THE RECORD:

Subj: WIDOGH.

Subject was originally considered for a KINSON project that was subsequently cancelled. Throughout the file are recommendations that in dealing with the subject any station should assert very definite authority. For example, the recommendation of COS Frankfurt, 13/11/58:

"The handling of subject from this point on must be ruthless and calculated...We would recommend against paying more than the absolute minimum he needs to survive until the mission is completed"

On 20 September 1959 Africa Division picked subject up for an assignment in the Congo. In conjunction with this mission, subject was furnished Austrian documentation, which, according to a Dir communication dated 27 November 1959, was to be used in order to travel from West Germany to Leo via Switzerland & Italy, and should be returned when no longer needed.

The Director's communication to Leo again reiterated that subject would take firm orders and should be dealt with in a positive manner. Unfortunately, shortly after arriving in the Congo subject got into financial difficulty, created security problems with his conduct, and then jumped into a new position with the DAF that moved so swiftly as to preclude any effective station direction.

On 30 June 1961 the Director recommended termination of subject since he was becoming too great a security risk. Subject was returned to the U.S., then was sent back to Frankfurt, given \$2,000.00 pay and put on his own. There was no indication of any hard feelings on the part of the subject but it is admitted that he "wondered" why he was let go.

On 20 September 1961 subject turned up on his own in the Congo and began to approach station personnel with offers of help, no matter what the station wanted or where they wanted him. On 12 December 1961 the station admitted that subject is a security hazard of sorts and asked for some direction.

The Security Division at headquarters states that the documentation originally furnished subject were ~~retained~~ retained by him since he had no other citizenship papers. Once these documents run out it will be impossible for him to renew them.

In the light of the generous termination terms, in the repeated statements to subject that KU AREK could not utilize his services, and the possible security hazard, it would seem best to completely sever any relationships with him. Judging from the psychiatric opinion, as well as opinions of personnel who have worked with subject, he fully understands ~~the~~ authority and will not question stern authority.

111-233477

SECRET

For this reason it is recommended that either one of the two following courses of action may be taken, preferably the first.

1. In very unequivocal language inform subject that his official connection to the U.S. interests in the Congo have been and continue to be cut. This continued contact with these interests could result in his apprehension (if for nothing else for possessing forged documents). Instruct him that he clearly understood that his relationship with this organization could be terminated under the terms of the contract and although we are appreciative of his past efforts, he is now on his own.

2. Bring him back to the U.S. and go forward with the original plan to resettle subject in Mexico. We made preliminary inquiries about this possibility 19 August 1960 before he came with Africa Division and the only thing that stopped the transfer plans was the possibility that he could be used in the Congo.

Solution number one runs the risk of having subject get disgruntled, and then running to the wrong people to tell all he knows. On the other hand, if the man reacts to direction as we are told he does this may be all that he needs to stay clear of the station. It is apparent that at some point in time he has to be given the gate.

Solution number two runs into the financial problem as well as dealing with an individual who is no longer connected with this organization. However, it does not one of the "requirements" laid down by the GOR in Frankfurt back in 1958, i.e., "Given some money and a job he could be resettled in any South American country without difficulty". The second solution is inviting, if for no other reason, in terms of getting subject out of a rather difficult area.

3. The 3rd possibility is to bring him directly to a 3rd country + take the documents away from him there — then tell him he is on his own.

Messages de Lin: with HROUW documentation duties:

DIR: 10389-7/2/52: "Ref Frankfurt 3539 (In 35134). No action required Frank re: Termination. Meet and assist on arrival only"

DIR: 192: 14/11/50: "Documentation prepared with accompanying cover story to show HROUW/1 is an Austrian and who has never had OXLEY connections, nor ever been in BERLIN (see attachment A) Note, attach A describes the Austrian passport"

DIR: 08782: 23/10/50: Tells Leo what jobs HROUW can do.

DIR: 08443: 27/10/50: Asks for several blank Austrian birth or baptism certificates and fill in exemplars.

1. The recent purchase of three DC-3's and a DC-4 by the Congolese government is having continuing repercussions. This deal has been reported in detail through both TRELIDE and DEBIT channels including the accusations of substantial graft which accompanied it. The most recent developments, however, have not yet, to the Station's knowledge, been reported by either of the above channels.

2. STAHL reported to HESTON in a meeting 28 February that WIROGUE is back with the Congolese Air Force. STAHL described him as an Austrian with a Belgian passport, formerly with the German commandos, who knows nothing about aviation. STAHL continued to say

Major Peter DE GROEVE (Advisor to Congolese Air Force ca. February 61 - March 62. Belgian. Involved in purchase three DC-3 planes from Iran Airways at price \$125,000 per aircraft. Competent authorities stated comparable aircraft could be purchased \$50,000 to \$60,000 and predicted trouble from purchases.)

left the Congo with 14,000 pounds which, supposedly, was his share of some \$120,000 reportedly made on the above airplane purchases. According to STAHL, DE GROEVE bribed someone at the Surut who then let him cross safely to Brassaville.

3. On 30 March WIROGUE informed SALVACK that the GOC had put him in charge of investigating the above airplane purchases. His first real task is to arrest DE GROEVE and bring him back to the Congo. Congo (Brassa), however, refuses to cooperate and told WIROGUE when he queried them that DE GROEVE had requested political refuge. Besides, WIROGUE felt, the Brassa side of the river would be very hesitant to return a white man to the tender mercies of the Congolese in Leopoldville. DE GROEVE is supposedly in Pointe Noire waiting for a French ship to take him to Marseille, a voyage of some 20 days. WIROGUE is currently toying with various ideas for possibly kidnapping DE GROEVE in Pointe Noire.

4. Both WIROGUE and STAHL said DE GROEVE is wanted for rape in Belgium. WIROGUE said he had also stolen some money there, though STAHL's version was that DE GROEVE had debts amounting to 400,000 Belgian Francs. In either case, it is doubtful that DE GROEVE will return to Belgium.

B. ACLA 630 dated 19 October 1961

1. On 29 November 1961 WIROGUE told the undersigned that he felt his position vis-a-vis the Congolese Government was rapidly weakening. First, WIROGUE had endorsed sending one of the advisors with the Congolese Air Force to Europe to purchase planes and later found WIZARD/4 was at least cognizant of a second GOC representative sent to Europe on the same mission. WIROGUE made vague references to some 2,000,000 Congolese Francs of the 40,000,000 available for airplane purchases "going into someone's pocket." WIROGUE was incensed at the move of the GOC in sending a parallel mission to Europe and not informing him of it. He saw WIZARD/2 and asked about this other mission. WIZARD/2 apparently informed WIZARD/4 about WIROGUE's visit and since then, for a period of the last five days, WIZARD/4 has refused to see or talk to WIROGUE.

2. The GOC has also apparently proposed sending WIROGUE on an intelligence gathering mission to Katanga. WIROGUE asked if KUBARK were interested in this undertaking. We advised him strongly against this move and added we had no interest whatsoever in the project.

3. WIROGUE has also met the ODOATH representative and showed him the model submarine which was the subject of ACLA-630. The ODOATH representative evinced interest in this model and through the ODUNIT representative, whom WIROGUE has seen on several occasions and discussed the problem of purchasing planes for the GOC, the ODOATH representative was aware that WIROGUE has an Ordre de Mission signed by WIZARD/2 to travel to PEPRIME. He said for WIROGUE to inform him when he was ready to depart and he would arrange for WIROGUE to contact appropriate ODOATH people in PEPRIME to discuss the model.

4. WIROGUE approached GUTERMAN on November 24 and SALVACK on November 29 with a request whether he might be of use to KUBARK either in Africa or elsewhere in the world, and that he would like to be taken back into the fold. He is obviously concerned about his position in the GOC at this time and feels with the diplomatic relations being established between Belgium and the GOC that his position will become increasingly weaker. To reemphasize past assessments of WIROGUE, he is far too disorganized an individual to be an effective FI agent but would probably be useful where action is required but detailed accurate reporting is not. The station agrees with an early statement made concerning WIROGUE that he has a peculiar turn of mind which lends itself remarkably to nefarious and extra-legal activities but would add that these activities should be of an action type.

1. VIROGUE (W) CONTACTED GUTHMAN 18 AND 20 NOV. AT FIRST MEETING CLAIMED HE NOW CLOSE ADVISOR TO WIZARD 4 BUT SAID TO MAINTAIN POSITION HE NEEDS KUBARK HELP. REQUESTED LEOP BRING HIS NAME INTO CONVERSATION WITH WIZARD 4 AND/OR OTHER WIZARDS AND REFER TO HIM AS OUTSTANDING GERMAN COMMANDO TYPE DURING WORLD WAR II. HE ALSO ASKED THAT KUBARK PROVIDE HIM WITH SMALL AMOUNT OF FUNDS WITH WHICH TO MEET REPRESENTATIONAL COSTS HIS JOB AND PROVIDE SMALL GIFTS FOR VARIOUS MEMBERS MILITARY WITH WHOM HE IN CONTACT. REQUEST AND GUIDANCE.

2. AT 20 NOV MEETING W SAID HE HAD JUST COME FROM WIZARD 2'S OFFICE. ALLEGED WIZARDS 2 AND 4 WISH SEND HIM PBPRIME WITHIN NEXT FEW DAYS TO PURCHASE MILITARY AIRCRAFT. WHEN QUESTIONED ON THIS SUBJECT HE STATED WIZARD 2 TOLD HIM OF SOVIET OFFER OF PLANES AND INDICATED HE WISHED OBTAIN PLANES ELSEWHERE TO AVOID BEING FORCED BY PUBLIC OPINION TO ACCEPT SOVIET AID OFFER (SEE LECP 2452) ^(P 14525) W CLAIMS WIZARD 2 ADMITTED IT WOULD BE DIFFICULT FOR HIM TO CONTINUE REFUSING SOVIET OFFER FOR ANY LENGTH OF TIME IF HE UNABLE OBTAIN PLANES IN WEST. W EMPHASIZED NEED FOR HIM TO OBTAIN PLANES AND PILOTS SOONEST IF ODYCKE WISHES AVOID HAVING VOID FILLED BY BLOC OR OTHER ANTI ODYCKE FORCES. HE AGAIN URGED KUBARK PUT HIM IN CONTACT SOONEST WITH SWANSON OF ARAB DEVELOPMENT CORPORATION. INDICATED HE WOULD TRY AND SEE SWANSON WHILE ON WAY TO OR FROM PBPRIME.

3. ALTHOUGH W PROBABLY HOPES KUBARK WILL HELP HIM SOLIDIFY HIS POSITION BY FINDING PLANES FOR HIM TO BUY ON BEHALF GOC, HE GAVE IMPRESSION HE BELIEVES ODYCKE HAS ONLY VERY SHORT TIME (MEASURED IN DAYS NOT WEEKS OR MONTHS) TO MAKE DECISION TO AID GOC. AS USUAL W'S VIEWS WERE

NOT CAREFULLY THOUGHT OUT OR ENTIRELY LOGICAL IN EXPOSITION. HOWEVER HIS FEELING OF URGENCY COINCIDES WITH VIEWS GUTHMAN HAS FORMED SINCE RETURN FROM MOST RECENT TDY. STATION PREPARING SEPARATE CABLE ON SUBJECT OF URGENT NEED FOR REVIEW ODYCKE POLICY TOWARD CONGO.

4. WHEN STATION RECOMMENDED W'S RECALL, IT WAS DONE IN BELIEF HE RISKED ARREST. LEOP ALSO ASSUMED HE WOULD NOT RETURN TO CONGO. UNFORTUNATELY LATTER ASSUMPTION DID NOT PROVE CORRECT AND ALTHOUGH WE NO LONGER OFFICIALLY RESPONSIBLE FOR HIS WELFARE IT MUST BE ASSUMED HE WILL TURN TO KUBARK FOR AID SHOULD HE FIND HIMSELF IN TROUBLE WITH LOCAL AUTHORITIES. ALTHOUGH WE NO LONGER HAVE MORAL RESPONSIBILITY FOR HIM IT WOULD BE DIFFICULT REFUSE ASSIST HIM SHOULD HE NEED HELP, PARTICULARLY IF ALTERNATIVE WOULD BE FOR HIM TO DENOUNCE STATION PERSONNEL. THUS, VIEW FACT HE HAS RETURNED TO CONGO AND IS IN POSITION WHEREBY HE MIGHT INFLUENCE DEVELOPMENT OF SITUATION, LEOP RECOMMENDS WE BE AUTHORIZED PROVIDE HIM WITH FUNDS (NOT TO EXCEED 5,000 ECF PER MONTH) FOR USE REPRESENTATIONAL PURPOSES. ALSO, ALTHOUGH WE DO NOT EXPECT HIM TO PRODUCE GREAT AMOUNTS POSITIVE

5. REQUEST FOLLOWING:

A. AUTHORIZATION PROVIDE W WITH REPRESENTATIONAL FUNDS AS
SUGGESTED ABOVE ON MONTH TO MONTH BASIS.

B. HQS INSTRUCTIONS RE W CONTACT WITH SWANSON PER REF.

C. INDICATION AS TO WHETHER ODYCKE WILLING PERMIT PRIVATE INDIVIDUALS IN PEPRIME SELL PLANES TO GOC. (IN THIS RESPECT WISH NOTE THAT IF PLANES NOT OBTAINABLE IN PEPRIME GOC WILL ALMOST CERTAINLY TURN TO OTHER SOURCES.)

D. INDICATION WHETHER HQS INTERESTED IN PROVIDING THIRD COUNTRY NATIONALIST TO SERVE AS PILOTS OR OTHER PERSONNEL FOR CONGO AIR FORCE.

6. WISH STRESS W NOW ACTING AS AGENT GOC AND IS NOT A CONTROLLED KUBARK AGENT. HOWEVER, HE SEEKING GUIDANCE AND IF AID PROVIDED BELIEVE HE WOULD ATTEMPT FOLLOW DIRECTIONS UNLESS SUCH GUIDANCE ENDANGERED HIS POSITION WITH GOC.

<p>REFERENCES</p> <p>1. On 2 October 1961 WIROGUE telephoned Lester H. SALVACK and said that he had something important to discuss with him. WIROGUE requested SALVACK to come to his house in Binza, a suburb of Leopoldville.</p> <p>2. WIROGUE had two requests. The first was to ask "Dan" to forward the two laissez-passez which WIROGUE states he turned over to Dan and never got back. WIROGUE was quite emphatic that he needs these documents. SALVACK suggested that WIROGUE write a note stating exactly what he wanted and give it to him to forward. WIROGUE did and the note is forwarded as a separate cover attachment to this dispatch.</p> <p>3. WIROGUE then showed SALVACK a model of a one man submarine on which he had been working in conjunction with a Belgian engineer (Identity #1) who is also a Congolese Air Force advisor. He claimed that this submarine would be capable of speeds up to 100 kilometers an hour on short runs, and would have a cruising distance of 500 kilometers. The model, being built to 1/7 scale, is approximately half completed, and, of course, has never been tested. WIROGUE said he had discussed this model and his plans fully when in Headquarters, and had made a full report concerning all details. SALVACK said that (1) he was not an engineer and (2) was in no position to make any promise or commitment. All that he could do was to report that the model was in the process of construction and to further report that WIROGUE wanted to make sure that the West got it instead of the Communist bloc.</p> <p>4. WIROGUE expressed full willingness to show the model, and have his companion explain it fully, to anyone SALVACK wished to bring to WIROGUE's house. SALVACK made no commitment other than to report the conversation. (It should be noted that WIROGUE had never mentioned this item before to Station personnel, and told SALVACK that neither he nor his companion had said anything to anyone in the Congo concerning it up to this point.)</p> <p>5. If Headquarters is willing, the station suggests that the ODDAM attache be put into contact with WIROGUE concerning this item. He could conduct any necessary tests or experiments. Because of WIROGUE's past, however, and the nature of his documentation, the Station requests Headquarters guidance and approval prior to taking any action.</p> <p style="text-align: right;">201-233477</p>			

CONTINUATION OF DISPATCH	CLASSIFICATION SECRET	DISPATCH SYMBOL AND NUMBER A-44-030
<p>6. On returning to The Congo SALVACK crossed the Congo river from Brazzaville successfully in spite of the ferries being closed to all but diplomatic travel, but it involved a prolonged argument for more than an hour with the immigration authorities at the ferry landing. SALVACK has never fully admitted what he did to successfully enter The Congo, though knowing the situation, he probably indulged in some small bribery. Since he had merely disappeared for a short while after mentioning that he might need medical attention, his Congolese Air Force job was still open. (There are many GOC advisory positions vacant, and for someone to obtain such a position with any sort of qualifications is not too difficult. When a position is vacated it is seldom refilled, certainly not quickly.) He has reiterated strongly at each of the three meetings SALVACK has had with him that he is willing to help PEPRIME any way possible.</p>

REFERENCE(S) LEOP-1538 DIR-49325 LEOP-1568 LEOP-1599 DIR-48429 DIR-00712			
<p>1. On 7 July 1961 WIROGUE was advanced the sum of U. S. \$100.00 for living expenses in Brazzaville while awaiting onward transportation to PBPRIIME. (DIR-48429 requested WIROGUE return to PBPRIIME). This is his only outstanding advance with Leopoldville Station. Receipt attached hereto.</p> <p>2. DIR-49325 authorized Station to withhold money received from sale of personal car against outstanding advances. However, before his departure WIROGUE accounted for 11,580 BCF over what he owed the Station. The sum of 42,500 BCF from the sale of his automobile plus 11,580 BCF converted at 50/\$1.00 (LEOP-1599 and DIR-49325) gave WIROGUE a credit of \$1,061.60. In January 1961 WIROGUE was ordered to Thysville by the Station and was authorized \$0.10 per mile for use of his personal car, therefore, 312.5 miles times \$0.10 equals \$31.25 leaving WIROGUE a credit of U. S. \$1,112.85. (See attachment).</p> <p>3. WIROGUE was paid his June salary of \$500 on 26 June and also his housing for July (\$250.00). (Station was notified on 1 July, DIR-48429 that WIROGUE was to return to PBPRIIME). However, July rental was used in the final settlement of the lease for the usual damages claimed by local landlords and in lieu of 30 days termination notice. Receipt forwarded under Voucher: 1153.</p> <p>4. Accountability in the amount of U. S. \$100.00 is herewith transferred to Headquarters plus a credit of \$1,112.85. As WIROGUE was specifically told he would have to account for the above \$100.00 for living/traveling expenses Station did not subtract that amount from his credit.</p>

B. Operational Information:

1. Circumstances of Recruitment -

The agent was first contacted in October 1958 as a result of a lead from AEPADDLE. He was recruited in April 1959 by the Frankfurt Station, for a REDSOX operation. There had been some difficulty in the initial recruitment, since it could not be resolved as to whether or not he could work amicably with another agent in the proposed operation. After psychological assessments and LCTUTTER examination, it was decided to recruit subject. He was assigned the crypto AEASPIC. In April 1959 subject was brought to the DOB, via a HERAEBOW flight. Subject was trained in the AESENTIAL project for a black mission into the USSR as a member of a REDSOX team. This project was postponed for a year. In the interim he was assigned to TED, where he was employed at a covert site, involving the cataloguing of specific information from East German Documents, and developing and/or improving tools and methods for picking locks. On 17 June 1960, it was decided that Project AESENTIAL would not be carried out. On receipt of this information SR/DOB endeavored to place subject elsewhere, where his training would be beneficial. The African Division expressed interest and had agreed to utilize him as a result of assessments. During the period from the 21st of October until dispatch, subject will be carried on OOA funds.

SECRET

2. Security Flaps -

A. During the latter part of WW II subject was arrested by the German police for forgery. He was not unduly held by the criminal investigation branch of the police but passed on to the Gestapo. Subject was brought to Berlin where he was interrogated for several months at Gestapo Headquarters. Later he was tried and sentenced to death. For some unknown reason he was moved from jail to jail, concentration camp to concentration camp. While in prison he resorted to a "rise de guerre" and told the Germans his father had invented a motor that could run without gasoline. He offered to draw the designs of the motor and was able to stall long enough to be liberated by components of the advancing U.S. Army.

B. In 1946-47 subject and an accomplice committed two robberies of jewelry stores.

C. In 1949 subject robbed a bank of 1,000,000 Fr. fr. His accomplice was apprehended and shortly thereafter confessed, implicating subject. Subject was apprehended while attempting to cross the Franco-Spanish border. He was sentenced to ten years in prison of which he served only five, receiving parole for good behavior. Upon release in 1955, he was exiled on parole to Gap, France where he worked as an architect.

D. To our knowledge there is no indication that subject is known to be associated with KUBARK.

TELEGRAM INFORMATION REPORT TELEGRAM

Subject: Trip to Congo

Dear Stan,

Just a brief rundown on the Congo business. I arrived on the Monday following Easter and of course it was a holiday so didn't and was not contacted until the following day (Tuesday). By that time I had an agreement ready and in the hands of the Congolese Air Force on Wednesday. On Thursday we met with the minister of the cabinet and he indicated all was in order and that the papers would be signed the following day (Friday). On Friday nothing happened so we waited out Saturday, again nothing happened so there was nothing to do but wait until Monday. By this time I had talked with Sabena and got a free ticket on them from Leopoldville to Brussels so that I'd have more flexibility. On Monday there was still no action and again gave them the benefit of the doubt by remaining until Tuesday when I could have gotten a 207 flight on Monday night direct to Brussels. On Tuesday I left Leopoldville in the afternoon, proceeded to Brazzaville and didn't wait 10 hours for the delayed KLM flight (DS-7), finally leaving at 3 AM and arriving in Frankfurt at 1900 that night.

As I told you, Major Reiner is an Austrian who acts as an adviser to the Congolese Air Force. Major Pierrott, commander of the air force is young and ambitious. At the present time there is nothing but a shell and instructors are badly needed. There are, according to Pierrott, 8 AT-6's and 7 Tiger Moths on order which will give them a total strength of 9 of each aircraft. They expect to put a total of 120 cadets into training. I talked along the lines of a package deal on training but this didn't sink in. They just want to get started and go in to detail later. As you can well imagine, the government structure in the Congo is very shaky and it will be a long time before the U. S. forces leave and things settle in a normal manner. For example, there could be a change in the govt., including Pierrott, any day and this could be followed by any number of changes in the weeks following. A contract we sign could be thrown out by a new government. In addition there is also a good possibility of renewed violence which might throw everything in a turmoil.

Without going in to detail, following are the more important points of the agreement:

1. Air Force retain us for purpose of hiring personnel for purpose of training mechanic and pilot personnel.
2. Air Force pays transportation of personnel from point of hire to Leopoldville and return plus any travel done in the Congo.
3. Air Force pays (to the bank in Bly) \$1,000.00 for my expenses such payment to made within 20 days after signing agreement.
4. Initially, 3 mechanic and 3 pilot instructors will be hired and Air Force will accept persons of German, Swiss, French or English nationality.
5. Pay of personnel will be responsibility of Air Force and mechanics will receive \$770.00 or \$450.00 plus room. Pilots will receive \$870.00 or plus flying pay which is figured at \$50.00 for each 25 hours flown (they anticipate pilots will fly 25 hours per month) or \$750 plus room plus flying pay. In addition, all personnel will be furnished their room and except on weekends when they are not working.
6. Personnel will be able to transfer one half of their pay to country of residence---this figures out at \$485.00 and \$455.00 per

be received 10% over actual cost of packages taken on basis of 10% over except aircraft on which we agreed 24 over cost.

H. Air Force will pay wage fee of 10% each month on total salaries of employees. It was agreed that individual salaries could be averaged at \$650.00 each. This payment to be made on the first of each month by transfer to the Ely bank.

G. We obtain insurance in amount of Sterling 3500 for each employee and Air Force pay the actual cost.

10.

As you can see, it is a simple agreement and one which will not make us rich. They indicated they would want one film strip machine and available training films for mechanics and pilots.

It appears that there will be a great deal of EHK contract flying for the UN in the Congo for some time to come. As I told you, InterOcean and TWA are doing the most with InterOcean having six DC-4s flying 1500 hours per month and TWA doing nearly 300 with two aircraft. TWA will pull their aircraft out in the next few days for the Haj and it would seem that your man in New York might be able to work something out whereby we could replace them and remain in the Congo.

Living accommodation are good in Leopoldville. Villas rent from \$100.00 on up with a nice place for about \$175.00. This would be a three or four bedroom place with all the facilities. If we had crews there, they could live together as I'm sure some of them would want to take families. Food is expensive but no more so than in Tripoli. Gasoline sells at a little over 40 cents a gallon which isn't bad. Nothing is being imported in to the country so things could get real scarce in the next 4 to 6 months. American cigarettes are not available and Belgian brands are not plentiful. There is a money black market for hard currency and you can get anywhere from 65 to 90 Congo francs for a dollar whereas the legal rate of exchange is 50 to a dollar. The time correspondent was caught changing money and the Embassy had quite a time getting the thing straightened out.

Under ordinary circumstances (except for contracting with the UN), I wouldn't think of signing a contract with the Congolese until now. However, with things as they stand this is a good way to put our foot in the door and could open up other fields in West Africa. Perhaps Carter would like to make a trip out that way as our representative!!!

With the situation in Jordan worse--I'll give you as much done as possible after my arrival. I've heard nothing more from the Congo so will probably be leaving on Monday for Cairo.

Best regards,

Fally

THIS CASE WHAT HAS HE BEEN TOLD AND WHAT IS STORY FOR ORIGINAL CONNECTION PER PREVIOUS TRAFFIC. ONE LEVER USED BY WIROGUE TO BECOME PIERROT ADVISER WAS STORY HE HAD CONTACTS TO PROVIDE INSTRUCTORS. IF SWANSON ESTABLISHES DIRECT CONTACT PIERROT THIS COULD EASILY UNDERCUT WIROGUE INFLUENCE.

3. WISH URGE IF POSSIBLE RECRUIT AT LEAST ONE EACH MECHANIC AND FLYING INSTRUCTOR PRIOR TO ARRIVAL LEOP. FULLY APPRECIATE TIME FACTOR AND DESIRE PREEMPT ANY EFFORT ON PART PIERROT TO PROCURE INSTRUCTORS BY OTHER CHANNELS. IF WIROGUE AND SWANSON SETTLE ON NAMES THERE IS

AS POSSIBLE TIME FOR HQS TO CHECK OUT PROSPECTIVE INSTRUCTORS AND MAKE RECRUITMENT PITCH. ALTHOUGH CONGOLESE HAVE BIG IDEAS AND HOPE NEED MORE INSTRUCTORS, THIS MAY NOT BE CASE. IF WE RUSH IN ALL NONKUBARK ASSETS WE MAY FIND OURSELVES WITH EXPENSIVE OP OVER WHICH WE HAVE LITTLE CONTROL AND WHICH MIGHT PRODUCE LITTLE FOR KUBARK.

DOCUMENTATION FOR GEORG REINER

MILITARY CERTIFICATE

Per GSN 43-43

1. Military Certificate issued by the 8th Grenadier Training Brigade. (Infantry)
The designation O.U. on the right hand top corner means "Ortsunterkunft", it is the place of issue which during war time did not specify a town or area due to security consideration. It merely means the place where the unit was physically stationed at the time the document was issued. The certificate states that Capt. Georg Reiner, born 25. July 1921 in Salzburg has lost his regular military pay book on 2.2.1944 on account of enemy action. A new book has not yet been issued.

SOLDBUCH ERSATZ

2. The Soldbuch Ersatz (Pay book substitute). (a) Front Section (Soldbuch-Ersatz) indicates that document was issued to Capt. Georg Reiner, born on 25. July 1921 in Salzburg, his dog tag number is 214739, his nearest of kin, his father Franz Reiner, lives in Salzburg, Siebenburgerstr. 2. (b) The Section (Orden und Ehrenzeichen) indicates that he received a medal for having been wounded on 9.12.42. (c) The Section (Beurlaubungen über fünf Tage) shows that he was granted a leave for over five days. It was a convalescent leave which entitled him to free transportation. The lower portion of the same section indicates that he received some shots for dysentery (Ruhr) and was vaccinated. The other side of the document shows the following from right to left.

- a. Clothing record.
- b. Issuance of rationed shaving cream and soap.
- c. Name of military unit to which he belongs.

3. It is requested that subject sign document on space provided. (Soldbuch Ersatz name over Eigenhändige Unterschrift.)
DO NOT use ball point pen. Have subject practice "his name" several times before affixing to document.

GENERAL INFORMATION TO BE NOTED

Subject was issued the following documents:

1. Austrian (Ordinary) Passport Nr. 546.226 in Vienna at the main Passport Office located in Wien I, Postgasse 9, which is near the main Post Office and also near Schwedenplatz. As noted in the passport entries, document was issued in 1955 and was valid until 1960, when it was again renewed for another five years. The lack of exit and entry cachets of very frequent travel to Germany and Berlin is explained by the fact that generally since late 1955 Austrians entering Germany no longer were stamped in or out. For this reason, Subject can claim that he made many trips to Germany and back each time remaining as long as three months without special permits. (Austrians need a residence permit only when they remain more than three months at one time.) As noted above, that passport was first issued by the main Passport office, however, the renewal was obtained at a sub station, Wien IV, Taubstummengasse 11. This can be explained by the fact that at that time subject lived in that part of Vienna after he returned from Berlin.

2. Austrian Drivers Permit:

This document was obtained in Vienna in 1956 and is valid for an indefinite time. Section B, which is not crossed out indicates that he is authorized to drive ordinary private cars not in excess of 3500 kg. (No trucks etc.) Reverse left hand portion shows fee stamp of 6 schilling has been paid. Normally this section also indicates authority on which permit was issued, but since this is his first permit no such entry is made.

3. International Certificate of Vaccination:

When subject contemplated travel outside Europe, he felt it best to obtain a vaccination certificate normally required in many countries. He could have obtained the blank document from a travel agency who directed him to go and have proper entries made for smallpox and yellow fever. At the suggestion of the travel agency he went to see Dr. Ladislaus Tomsich, General Practitioner, Wien III, Marokkanergasse 133. This Doctor, had the necessary vaccines for smallpox and yellow fever and he took both vaccines on 12 November 1959. Smallpox vaccinations are generally valid for three years. The yellow fever shots are good for 6 years.

4. Baptismal Certificate:

This document was issued in Salzburg, the place where subject was born.

During the war years subject lost all his papers and so in 1954 he returned to Salzburg to obtain a copy of his baptismal certificate. Entries indicate that certificate was issued to Subject showing his fathers name as Reiner, Franz, catholic, Geologist having lived at time of subjects birth in Salzburg, Siebenburgerstr. 2, that his father was born on 24. 4. 1899 in Vienna and that he was married in Vienna on 23. 6. 1920.

Entries for his mother indicate her name as Maria Anna, nee Nielitz, catholic, born on 20 August 1900 in Vienna.

The name of subjects God-Parent was Walter Klenner, who also was a catholic and his profession was Engineer from Salzburg. The priest who performed the baptism was Erich Igertz, Chaplain. The document was dated 23 August 1954 in Salzburg-Mullegg.

201-233477

5. Letter indicated acceptance for employment in West Berlin.

For business reasons in accordance with cover legend, subject has been in and out of Germany ever since 1955. By 1958 subject became interested in seeking employment in Berlin. He was in contact with the construction firm of Arthur Doll and Son and after he wrote to them on 24. 7. 58 he received a reply that this firm was willing to give him a job as an engineer. Since he indicated in his letter to the firm that he was about to come to Berlin anyway, the firm of Doll suggested to him that he should stop at their office and sign a formal work contract.

Signatures to be applied by Subject:

1. Passport: Page three below picture on space provided. Regular pen and dark ink. No ball point pen.
2. Drivers Permit: Between entries 4 and 5 next to picture and turning document to write name from entry 5 to 4.
3. International Certificate of Vaccination: This document should be signed in ink on inside cover page in space provided.

No signature required for the other two documents.

EXPLANATION OF THE PASSPORT ENTRIES

Inside front cover: Contains cachet indicating that Subject paid 20 Schilling to obtain passport.

- PAGE 1: This page contains Passport Serial "B" Nr. 546226. The Dues Stamp of 6 Schilling also indicates payment despite the fact that the opposite page shows 20 Schilling. This is the normal procedure. The ink written number is the accession number of the passport office and the last two numbers indicate that the document was issued in 1955. Further entries indicate name and profession and nationality of bearer to be Austrian.
- PAGE 2: Entries on this page indicate the following: Occupation as Engineer, that he was born in Salzburg on 25 July 1921, his present place of residence is Vienna. It is further indicated that the shape of his face is oval, his eyes brown and hair color brown. Special identifications marks indicate the tips on his thumb and index finger are missing.
- PAGE 3: This page shows the picture of bearer including the dry seal for authentication over the picture. Below is the space for subject to affix his signature. The bottom of the page shows a wet authenticating seal and the signature of the person who issued the document.
- PAGE 4: This page indicates that the passport is valid for all countries of the world, that it is valid until 25 August 1960 and was issued in Vienna on 26 August 1955. The last entry indicates that passport was renewed until 24 August 1965 for such entry please see page 13.
- PAGES 5, 6, & 7: These pages show various entry and exit cachets of simulated travel undertaken by subject. (For further explanations see attached sheet for travel.)
- PAGE 9: This entry is a residence permit for West Berlin and valid for three months. (Austrians normally don't need a permit for any stay in Germany unless they stay more than three months.) This permit was obtained in West Berlin from Div. II Berlin Police. The fee paid was one DM. It was invalidated when a new residence permit was obtained.
- PAGE 11: This page indicates a second residence permit for Berlin which was placed in the passport when the permit on page 9 expired. It was validated for six months at this time, and again the fee was one DM. Valid from 10 June until 11 December 1960.
- PAGE 13: This page indicates that the Passport was revalidated in Vienna at the Police Station at Vienna-Wieden. This Police Station is located at Taubstummengasse 11, Wien IV, and is located west of the Schwarzenberger Park. Entry shows 6 Schilling fiscal stamp, but a payment of 10 Schilling had to be made for revalidation. Document is valid until 24 August 1965.

1. WIROGUE/1 had been dispatched in accordance to the plan outlined in reference A. It is assumed that contact had been made. As if after the case, a number of questions have undoubtedly arisen in R mind ~~which may be raised by~~ WIROGUE/1. In anticipation we will attempt to answer the more obvious ones.

2. At the onset we are forwarding under separate cover the FPO for WIROGUE/1. This will furnish a fair outline of subject's previous background and KGBARK affiliation.

3. With respect to the subject of salary and allowances, he is to receive \$500.00 per month payment by the Station. Date of payment should be on the first of each month. A flat sum of \$3000.00 ^{per annum} is to be given to subject for housing and allowances. This sum can be a flat payment of \$3000, or may be broken down into quarterly payments, and is not accountable.

4. In the course of your relationship with ~~KGBARK~~

This would create the impression that subject is in Germany.

WIROGUE//, the subject of which will undoubtedly
wise. He wants to purchase one for his
job. I suggested to him that under
the present circumstances in the Congo it
would not be wise to ~~purchase~~ ^{purchase such a} until
he has ascertained for himself the situation
and ~~then~~ only after careful discussions with
you. I'm sure he will discuss the matter
with you in the near future. Note that no provision
had been made in the report for vehicle.

5. WIROGUE// had an "affair" while
in Washington, D.C. Although he might not
discuss it openly with you, he did indicate
that he would like to continue contact
with the girl. While in Germany he asked
if it were possible to arrange for a letter drop
in Germany, to which she could write. The
letter drop service in the letter postcard to
Leopoldville for delivery. In the return
mail he would write a letter ^{most likely at} ~~post date at~~ ^{give to you}
for transmittal to FROB for putting into
the normal mail channel. If you wish to
initiate such a channel, a request to FROB
would be in order. Incidentally, the lady in
question had been checked out by WSOA
and nothing derogatory was reported.

6. An arrangement similar to the
one described above is in existence
whereby WIROGUE// writes through the 5927

Station in Rio de Janeiro. This channel was set up by SR and alias WITROGUE/1 contact with stations in France. He again he used an alias ostensibly because he had jumped bail and settled in Brazil hence avoiding detection by the police.

7. Prior to WITROGUE/1's departure for Leopoldville he received, in addition to a letter of credit for \$3000.00, a travel advance of \$1010.00 plus 62.00 D.M. Signed receipts for these amounts were received and are being retained at headquarters. A travel order covering his stay in Europe and travel to Leopoldville has been out.

8. WITROGUE/1's instructions were to make contact and place himself under your management. He was cautioned not to partake in any operational activity without your approval. Further a great deal of time was spent explaining the necessity of having someone who understands operational security.
